Personal Profile

A passionate and technically skilled theatre technician with hands-on experience in sound design, live production, and digital asset creation. Proven ability to manage sound for live shows, contribute creatively to theatrical performances, and collaborate effectively with production teams. Also experienced in digital environments, including add-on asset creation for GTA V.

Technical Experience

Sound Technician – "Zombie Prom"

February 2025

- Operated and managed sound for a full-scale theatre production.
- Ensured consistent and high-quality audio delivery throughout performances.

Stage Crew – Alderbrook School

- Responsible for technical setup and sound design during school productions.
- Frequently ran the shows from the sound desk, managing cues and live audio mixing.
- Collaborated with team members to ensure seamless show execution.

GTA Asset Creator – Blues and Twos Modding

- Designed and developed in-game add-ons for GTA V.
- Contributed to high-quality, immersive UK add-ons used in community and roleplay servers.

Performance Experience

"The Wizard of Oz" – Artrix Theatre, Bromsgrove

March 2024

- Played roles of Uncle Henry and The Guard.

"Bugsy Malone" – The Core Theatre, Solihull

March 2023

- Played Fat Sam, a semi-lead role.

"Battle of Boat"

March 2022

- Played the role of Jimmy.
